

Why Don't We

Verse 1

Why don't we sit down on holy ground, and rest with Him awhile
He's taken our burden shoes and our robe of blues
We have worn for many miles
Have our bodies fed rest our weary heads
For strength we've longed to find
Why don't we sit down on holy ground, and rest with Him awhile

Verse 2

Why don't we sit down on holy ground, and talk with Him awhile
In all that He's given let us thank Him for the blessings and the trials
As we linger here let Him draw us near, we have this precious time
Why don't we sit down on holy ground, and talk with Him awhile

Bridge

As we come before our Father with humble open hearts
He reaches to our deepest needs and meets us where we are

Verse 3

Why don't we sit down on holy ground, and praise Him for awhile
He's taken our empty cups and filled them up, and fed each hungry child
With the words we say the songs we play He listens with a smile
Why don't we sit down on holy ground, and praise Him for awhile

In the Name of Jesus

Verse 1

A sinful woman went out at midday
With her water pots to get a little drink
Waiting for her was the truth and the way
Oh how she listened to what she had to say
Her spirit was so thirsty and her soul bound for hell
Instead of a drink he gave her the well

Chorus

In the name of Jesus there is more than enough
Power flowing from above
Cleansed by his blood clothed in his love
In the name of Jesus there is more than enough
More than enough

Verse 2

A lame man laid at the beautiful gate
Peter and John were going up to pray
The beggar asked for money Peter had none
But he said in the name of Jesus you can overcome
Standing on his feet glory filled his legs
He walked he jumped and he began to run

Verse 3

Paul and Silas thrown into jail
Locked up securely down in the inner cell
Beaten and bleeding they did not complain
Then along about midnight they prayed and they sang
Their hands raised in praise their feet in the stock
The Power of God made the jail house rock

The Trial of My Faith

Chorus

The trial of my faith
More precious than gold
Though it's tried with fire
Though it grieves my soul
Will be found to give the glory Will be found to give the praise
Will be found to magnify the Lord

Verse 1

It's hard for me to understand, when my faith is tried
How God could bring for anything good, out of the fire
But I have learned to trust in Him, when the flames are everywhere
He promised not to burden me, with more than I can bear

Verse 2

Now please don't misunderstand the things I have to say
For I can find no pleasure in the trial of my faith
Those trials bring me loneliness and trials bring me pain But when the test is over sweet victory is gained, victory is gained

The Lamb Found Me

Verse 1

We have heard the story told how the shepherd left the fold
To search for one lost lamb who'd gone astray
But the Lamb of Calvary changed the story can't you see
When He left the fold to search for me one day

Chorus

And the Lamb found me in darkness lost in sin
The Lamb found me and lead me safely home again
When I could not find my way He heard my plea that day
He left the fold in search of my soul the Lamb found me

Verse 2

I was lost and in despair only He knew that I was there
Other friends along the way just could not see
Oh but the Lamb sent from above searched me out in His great love
And I praise his name because He came and He rescued me

I Rely On Him

Verse 1

Like a baby reaches out for its Mother's embrace
Like a flower blooms in spring to feel the sun upon his face
Like a sailor needs a compass to get back home again
That's how much I need the Lord that's how I rely on Him

Chorus

I rely on him every hour everyday
I rely on him every mile along the way
In all the years I've known the Lord
And all the places that I've been
I got all I ever needed when I relied on him

Verse 2

There were times of disappointment when he gave me sweet relief
There were days my steps grew weary and I know he carried me

And when my worries seem so heavy I can't take it anymore
I can feel the load get lighter when I rely on him

Angels Know My Name

Verse 1

We are living in the days when fame and fortune
Are the ways we judge the quality of life
And when many fail to meet those expectations
There's no second place or consolation prize
Now for many years I played this game the world's way
Never celebrating never satisfied
Then I heard a voice that changed the way I saw things
Now I've found a greater treasure on the Hallelujah Side

Chorus

I don't walk in the circles of the in crowd
Never made a big impression on the fashion industry
I don't mingle with the ones who make the headlines
Not much money falls when you shake my family tree
But I know who owns the cattle on the hillside
And I've knelt before the cross of Calvary
When it comes to high rollers I'm not even in the game
But I've an open line to heaven and the Angels know my name

Verse 2

When I think of all the years that I've forsaken
At the altar of vanity and pride
I'm just glad I listened when the Saviour called me
And he changed the way I saw myself inside
For I don't really need to hear this world's approval
I don't need to spend my life in search of fame
All that matters is that I have found salvation
And I've got a reservation where the angels know my name

Don't Give Up On Victory

Verse 1

I've been tried in the fire, flames raging high, my faith on the line
Longing to see if real victory would ever be mine
But I've learned through it all, God's in control
And my life's in his hands
At the end of the line, always on time, God's working His plan

Chorus

Don't give up on victory this could be the day
Beyond the things you can see the way has been made
When all of your hope has been tried, God's fighting on your side
Don't give up on victory this could be the day

Verse 2

I know you've been waiting for this battle to end
And it's crossed your mind if you'll ever find peace once again
But hold on my child for the battle its God's
That's just what he said
So cast fear aside, let your faith arise, sweet victory's ahead

Dying to Know Me

Verse 1

Why did he go there – Why did he stay there
Why was innocence slain
Why was He silent – Given the violent
Surrendering praises for shame

Driven to pay the price
Longing to set captive free
He was born to love me – Living to show me
He was dying, dying to know me

Verse 2

Why does he love me – Why is he with me
Why will he never depart
Why does he choose me – Bless me and use me
Why does he reach for my heart
