

Sweetest Sound

James Isaac Elliott, Russ Lee | Vertical Vibe Publishing/ASCAP | Cabinetmaker Music/ASCAP

When I think about Your goodness
When I think about Your love
When I think about Your mercy and how it's raining down on us
I stand amazed, My heart overflows
So I will not be silent, no I will not be still
I love to sing your praises Lord
And I guess I always will

chorus

'Cause the sweetest sound, is Your name out loud
When the Angels cry holy, when the people sing worthy
It's the sweetest sound
And the sweetest refrain, is the sound of Your name
Your people sing out, creation resounds with the sweetest sound
(yes it does)...the sweetest sound (yes it is)

I know it's just your nature Lord, it's just the way You are
To reach right down and touch us Lord
and heal our wounded hearts
And I am a witness, of how your spirit lifts us (yes it does)
So I will not be silent, no I will not be still
I love to sing your praises Lord and I know I always will

chorus

tag

Let every tongue, every tribe and nation
Join with one voice of adoration
You are my holy, worthy of praise
The sweetest sound, is your name out loud
The angels cry holy, the people cry worthy
It's the sweetest sound
And the sweetest refrain, is the sound of Your name
The people sing out, creation resounds with the sweetest sound
...the name of Jesus, yeah is the
sweetest sound, Your name out loud, Lord it's the sweetest sound

Fishing Trip

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse 1

It was a bright and sunny Sunday Morn
He woke up early before the alarm
He was excited and prepared for this all week
As his wife poured him a cup of joe
He said "I'm excited" she smiled "I know"
He couldn't wait for time for him to leave

chorus

I've got a fishing trip planned today
That's the reason for the smile on my face
I pray that the Lord will show me the place
And when I get there I'll use the right bait
In the big big ocean that is full of sin
I know by His help I'll reel a good one in
Get'em in the boat let the cleaning begin
And if there's time start over again

verse 2

He was walking by the Sea of Galilee
When he said "you two want to follow me"
My plan is to make you fishers of Men

So Peter and Andrew followed the Lord
Went a bit further picked up a few more
It didn't take long they were a fishing machine

bridge

There are so many souls that need to be saved
I'll fish in the sun I'll fish in the rain
You know where I'll be next Sunday

Happy

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

chorus

Happy is the man that puts his trust in the Lord
I want to be happier so I'm going to trust Him more.
Happy is the man that puts his trust in the Lord
I want to be happier so I'm going to trust Him more.

verse

He always provides right down to my little needs
The big things are no problem when I fall on my knees
He handles every situation with tender care
And even bears my burdens when they're too heavy to bear

verse

There are going to be some days that are filled with rain
It falls on the just and unjust all the same
But there is one big difference if you serve the Lord
You just keep on singing no matter how hard it pours

verse

Come on everybody lets go to the promise land
Take your brothers and your sisters by the hand
When we get there thank Him for the happy days
And thank Him for the days we had to trust and obey

I Will Praise Him Forever

Shantell Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse

If all the ones that Jesus touched
A song of Him could sing
Like the woman at the well
Or the blind man made to see
If joined in mighty chorus by the crippled and the lame
This is what their song might be
As they sing their sweet refrain
I will praise Him forever for all He's done for me
For the blood He shed at Calvary that I could still go free
For His mercy and His saving grace extended unto me
I will praise Him forever for all He's done for me
While walking down a dead end road
No light no hope could see
I was ruined by a life of sin
Chains and fetters binding me
Then I heard the message for God so loved the world
Now I have peace and joy within
So let the flags of praise unfurl

He Lived to Love the Lord

Doug Little, Marty Funderburk | Christian Taylor Music/BMI | Winding Way Music, Inc./ASCAP

verse 1:

I've never been known as a rich man
I don't have great talent or fame
I've not seen the world's seven wonders
And not many folks know my name
But none of those things really matter
I've got joy that this world can't afford
And the only reason
I'm living and breathing
Is simply to love the Lord

chorus:

And when my time has ended
My race on earth has been run
The measure of my journey
Will be known by the deeds I have done
When my name is remembered
And they ask, "What did he live for?"
Long after I'm dead
Oh, let it be said,
"He lived to love the Lord"

verse 2:

I hope when they gather around me
To say their final goodbyes
They'll see I have no fear of dying
No reason for tears in my eyes
For I'm going to meet my dear savior
The one I have always adored
I want them to say
On my home-going day
"He lived to love the Lord"

Inside of Me

Stacylnn Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

I've always been a neat clean guy I took my looks to heart
Standing next to a Christian you couldn't tell us apart
Then I knelt one night on bended knee I had the blood applied to me
If you could see how clean I am on the inside of me
On the inside of me my heart is forever changed
On the inside of me the blood has made me clean
And on the inside of me I started all over again
It's amazing what the eyes can't see on the inside of me
I don't deserve this change He's made
I often let Him down
But in God's word He tells me He will always be around
Even when I stumble and I fall
He promised to help me through it all
His mercy and grace for eternity on the inside of me

Know That You Have Faith

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse 1

One stormy night Peter walked on the water
The same stormy night Peter also sank
I am sure he thought as he was going under
I should have stopped at the end of the plank

verse 2

Lord save me or I am going to perish

Just give me your hand, Peter where's your faith
Viewing from the boat you think that it's easy
It's another when the waves slap your face

chorus

Know that you have faith when you step out
There is a journey ahead decisions to be made
You can believe without even a shadow of a doubt
It's not enough to think – know that you have faith

verse 3

A long time ago God called a man named Noah
Telling him something about a thing called rain
God said build an ark in the middle of the dry land
Do what I say and I'll keep your family safe

verse 4

Noah built an ark just like God told him
Into the unknown he trusted and obeyed
A hundred and twenty years they heard him saying
You better get in it's about to rain

bridge

No matter where you are called to go
Or how long you're told to stay
Keep your eye on the one who gave the call
And never look at the waves

Easier to Live

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse 1

Modern day conveniences allow – us to live a faster pace
Everyday the faster that we go more important issues we create
Meeting every dead line causes frustration
Successful productivity increases expectations
Where does it all end how much do we give
There has to be an easier way to live

chorus

To reach out a hand and help someone along
To see a little child singing your song
To know that the blood covers your sins
That makes life easier to live

verse 2

Surrendering our life to God allows us to live an easier way
Praying about our doubts and fears helps us make it through everyday
The Sunday Drive from church discussing what we learned
Putting into practice every word we heard
Spending time with family enjoying their laughs
Loving one another is what it's all about

God's Big Hand

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse 1

Life sure has some ups and downs
Hear bad news from town to town
Makes me glad of who I know
In restless time he holds me close
Put your little hand in God's big hand

chorus

Holding him you will make it through
When you've done all to stand just stand
Standing still he will deliver you
When you need someone to help you keep this one thing in mind
Cast your bread upon the water it will come back in time
Cast your care upon his shoulder he will bear them you'll find
Put your little hand in God's big hand

verse 2

Sink or swim means live or drown
Rain or shine same as smile or frown
Blessings come and trials go
We sure need a grip that holds
Put your little hand in God's big hand

Same God

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse

Abraham and Sarah they had a child in their old age
Three Hebrew boys walked around in the fiery flame
Daniel was thrown to the lions but he was kept safe
Job lost all he had but he got it back again

chorus

Yesterday today and forever our God will never change
For He is no respect of person
He loves all his children the same
All that He is and all He can do I may never comprehend
But one thing I know He is
He is the same God as he was back then

verse

Although you have a current condition no problem is brand new
And there is no situation that's left
God confused
But from where you stand right now you see no way to move
He's done it before He'll do it again
He will see you through

bridge

Forever He's God and that fact remains
He will never change

New Start

Alton Jaron Faulknor | Asheville Music Publishing/BMI | Chris White Music/BMI

verse

Thoughts of yesterday
And what I used to be
I was so wrong
Sin had killed me
To me it was made known
Though innocent he gave
His life a ransom
For me He came

chorus

To give me a new start
No question where I'd been
The old man made new
When he forgave my sin
Who could believe
That he'd take someone who'd been as vile as me

It's plain to see He's changed me
Cause I'm not what I used to be

bridge

Sometimes I slip and stumble
And Lord I loose my way
Please don't ever leave
Your mercy Lord I pray
